Opening

Survey for Caregivers

Welcome to our survey on puberty and emotions! This survey will take approximately 10–15 minutes.

You can take breaks any time you like, and you are free to stop the survey at any time without any negative consequences.

NOTE: If you start the survey and want to come back to it later, you can bookmark it in your internet browser and then return to the bookmark on the same device within one week.

The first part of this survey will ask some general questions about your child.

Demographics

How old is your child?

Years

Months

What is the postcode where your child lives?

Postcode

What is your relationship to your child?

- Mother / Stepmother
- Father / Stepfather
- Grandparent
- Other relative
- Foster carer
- Legal guardian (non-relative)
- Other (please specify)

What is your child's weight?

If unsure, put in your best estimate.

Weight (kilograms)

What is your child's height?

If unsure, put in your best estimate.

Height (centimetres)

Which best describes your child's ethnic or cultural background?

- Aboriginal and/or Torres Strait / Pacific Islander
- Anglo-Celtic / European
- East / South East Asian
- South Asian / Middle Eastern
- Sub-Saharan African
- Multiple backgrounds
- Other (please specify)

What is your child's gender identity?

- ○ Girl / Woman / Female
- ○ Boy / Man / Male
- ○ Trans / Gender diverse
- ○ Non-binary
- ○ Prefer not to say
- ○ [ ] Prefer to self-describe

Does your child have ADHD?

- ○ No
- ○ Yes

ADHD block

How was your child's ADHD diagnosed?

- ○ Diagnosed by a paediatrician or psychiatrist
- ○ Diagnosed by a psychologist
- ○ They self-identify as having ADHD / I identify them as having ADHD (not diagnosed by a healthcare professional)
- ○ ADHD suspected but not confirmed
- ○ [ ] Other

How old was your child when their ADHD was diagnosed?

Does your child take any medications for their ADHD?

- ○ No
- ○ Yes

Please select all the ADHD medications your child takes:

- ☐ Methylphenidate (e.g., Ritalin, Ritalin LA, Concerta, Artige, Rubifen, Rubifen LA, Methylphenidate XR Teva)
- ☐ Dexamfetamine (Aspen Dexamfetamine)
- ☐ Lisdexamfetamine (Vyvanse)
- ☐ Atomoxetine (e.g., Strattera, APO-Atomoxetine, Sandoz-Atomoxetine)
- ☐ Guanfacine (Intuniv)
- ☐ Clonidine (e.g., Catapres, APO-Clonidine, Clonidine Lupin)
- ☐ Other (please specify)

Other conditions and medications

Does your child have any mental health or neurodevelopmental conditions (other than ADHD)?

If yes, please write the names of these conditions.

- ○ No
- ○ Yes

Does your child have any other health conditions?

If yes, please list the names of these conditions.

- ○ No
- ○ Yes

Does your child take any prescription medications (other than ADHD medications or hormonal birth control)?

If yes, please list the names of these medications.

- ○ No

○ Yes

PDS

The next questions are about changes that may be happening to your child's body.

These changes normally happen to different young people at different ages.

Please do your best to answer carefully. If you do not understand a question or do not know the answer, just mark "I don't know".

Would you say that your child's growth in height:

○ has not yet begun to spurt
○ has barely started
○ is definitely underway
○ seems completed
○ I don't know

And how about the growth of your child's body hair? ("Body hair" means hair any place other than your head, such as under your arms.)

- ○ has not yet begun to grow
- ○ has barely started to grow
- ○ is definitely underway
- ○ seems completed
- ○ I don't know

Have you noticed any skin changes, especially pimples?

- ○ skin has not yet started changing
- ○ skin has barely started changing
- ○ skin changes are definitely underway
- ○ skin changes seem complete
- ○ I don't know

Have you noticed that your child's breasts have begun to grow?

- ○ have not yet started growing
- ○ have barely started growing
- ○ breast growth is definitely underway
- ○ breast growth seems complete
- ○ I don't know

Has your child begun to menstruate (started their period)?

- ○ No
- ○ Yes

Menstruation

How old were they when they started to menstruate?

Please type in the age they were in years and months to the best of your memory.

Years

Months

What was the date of the first day of their last period?

If unsure, put in your best estimate.

Date

Does your child use hormonal birth control?

These are any medications designed to prevent pregnancy by changing hormones, but they can be used for other reasons too (such as to help manage periods or skin problems).

** Note that a copper intrauterine device (IUD) is not hormonal birth control, but there are also hormone-based IUDs.

- ○ No
- ○ Yes
- ○ I don't know

Hormonal birth control details

What type of hormonal birth control does your child use?

- ○ Oral contraceptives ('the pill')
- ○ Injection
- ○ Implant
- ○ Vaginal ring
- ○ Hormone-based intrauterine device (IUD)
- ○ [ ] Other (please specify)

Please select the type of pill your child takes from this list:

Azalia
Bella
Brenda-35 ED
Brooke
Brooklyn
Cerazette
Diane-35 ED
Eleanor 150/30 ED
Estelle-35 ED
Evelyn 150/30 ED

When did they first start using hormonal birth control?

If unsure, put in your best estimate.

Date

Have you noticed any changes in your child's moods or emotions since taking hormonal birth control?

If yes, please briefly describe these changes.

○ No

○ Yes

Rest break

You are over halfway through the survey.

Remember, you can take breaks or stop any time you like.

If you feel uncomfortable or upset at any stage, you can call these mental health support services:

Beyond Blue 1300 224 636
Lifeline Crisis Support 13 11 14
SANE Support Line 1800 187 263

Or you can contact Emily Friedel: e.friedel@deakin.edu.au or (03) 9246 8439.

Emotion Reactivity Scale

The next section will ask you some questions about your child's emotions, moods, and feelings.

Please rate your child based on the following statements, using a scale from 0 to 4, where **0 means 'not at all like them'** and **4 means 'completely like them'**.

	0 not at all like them	1	2	3	4 completely like them
When something happens that upsets my child, it's all they can think about for a long time.	○	○	○	○	○
My child's feelings get hurt easily.	○	○	○	○	○
When my child experiences emotions, they feel them very strongly/intensely.	○	○	○	○	○
When my child is emotionally upset, their whole body gets physically upset as well.	○	○	○	○	○

	0 not at all like them	1	2	3	4 completely like them
My child tends to get very emotional very easily.	○	○	○	○	○
My child experiences emotions very strongly.	○	○	○	○	○

	0 not at all like them	1	2	3	4 completely like them
My child often feels extremely anxious.	○	○	○	○	○
When my child feels emotional, it's hard for them to imagine feeling any other way.	○	○	○	○	○
Even the littlest things make my child emotional.	○	○	○	○	○
If my child has a disagreement with someone, it takes a long time for them to get over it.	○	○	○	○	○

	0 not at all like them	1	2	3	4 completely like them
When my child is angry/upset, it takes them much longer than most people to calm down.	○	○	○	○	○
My child gets angry at people very easily.	○	○	○	○	○

	0 not at all like them	1	2	3	4 completely like them
My child is often bothered by things that other people don't react to.	○	○	○	○	○
My child is easily agitated.	○	○	○	○	○
My child's emotions go from neutral to extreme in an instant.	○	○	○	○	○

	0 not at all like them	1	2	3	4 completely like them
When something bad happens, my child's mood changes very quickly. People tell my child they have a very short fuse.	○	○	○	○	○
People tell my child that their emotions are often too intense for the situation.	○	○	○	○	○
My child is a very sensitive person.	○	○	○	○	○

	0 not at all like them	1	2	3	4 completely like them
My child's moods are very strong and powerful.	○	○	○	○	○
My child often gets so upset it's hard for them to think straight.	○	○	○	○	○
Other people tell my child they're overreacting.	○	○	○	○	○

SMFQ

These questions are about how your child might have been feeling or acting recently.

For each question, please check how they have been feeling or acting **in the past two weeks**.

If a sentence was not true about your child, check **NOT TRUE**.

If a sentence was only sometimes true, check **SOMETIMES**.

If a sentence was true about your child most of the time, check **TRUE.**

	Not true	Sometimes	True
They felt miserable or unhappy.	○	○	○
They didn't enjoy anything at all.	○	○	○
They felt so tired that they just sat around and did nothing.	○	○	○
They were very restless.	○	○	○
They felt they were no good anymore.	○	○	○

	Not true	Sometimes	True
	Not true	Sometimes	True
They cried a lot.	○	○	○
They found it hard to think properly or concentrate.	○	○	○
They hated themself.	○	○	○
They felt they were a bad person.	○	○	○
They felt lonely.	○	○	○
	Not true	Sometimes	True
They thought nobody really loved them.	○	○	○
They thought they could never be as good as other kids.	○	○	○
They felt they did everything wrong.	○	○	○

SWAN

The next part of the survey will ask you some questions about how your child pays attention, controls impulses, and their energy levels.

For each item listed below, **how does your child compare to other children of the same age?**

Please select the best rating based on your observations **over the past month**.

	Far below average	Below average	slightly below average	Average	Slightly above average	Above average
Gives close attention to detail and avoids careless mistakes	○	○	○	○	○	○
Sustains attention on tasks or play activities	○	○	○	○	○	○
Listens when spoken to directly	○	○	○	○	○	○
Follows through on instructions & finishes school work/chores	○	○	○	○	○	○
Organises tasks and activities	○	○	○	○	○	○
Engages in tasks that require sustained mental effort	○	○	○	○	○	○
	Far below average	Below average	slightly below average	Average	Slightly above average	Above average

	Far below average	Below average	slightly below average	Average	Slightly above average	Above average
Keeps track of things necessary for activities	○	○	○	○	○	○
Ignores extraneous stimuli	○	○	○	○	○	○
Remembers daily activities	○	○	○	○	○	○
Sits still (controls movement of hands/feet or controls squirming)	○	○	○	○	○	○
Stays seated (when required by class rules/social conventions)	○	○	○	○	○	○
Modulates motor activity (inhibits inappropriate running/climbing)	○	○	○	○	○	○

	Far below average	Below average	slightly below average	Average	Slightly above average	Above average
Plays quietly (keeps noise level reasonable)	○	○	○	○	○	○
Settles down and rests (controls constant activity)	○	○	○	○	○	○

	Far below average	Below average	slightly below average	Average	Slightly above average	Above average
Modulates verbal activity (controls excess talking)	○	○	○	○	○	○
Reflects on questions (controls blurting out answers)	○	○	○	○	○	○
Awaits turn (stands in line and takes turns)	○	○	○	○	○	○
Enters into conversation & games (controls interrupting/intruding)	○	○	○	○	○	○
